

ACTIVITY BOOK

**TAKING CARE OF
MAYFIELD**

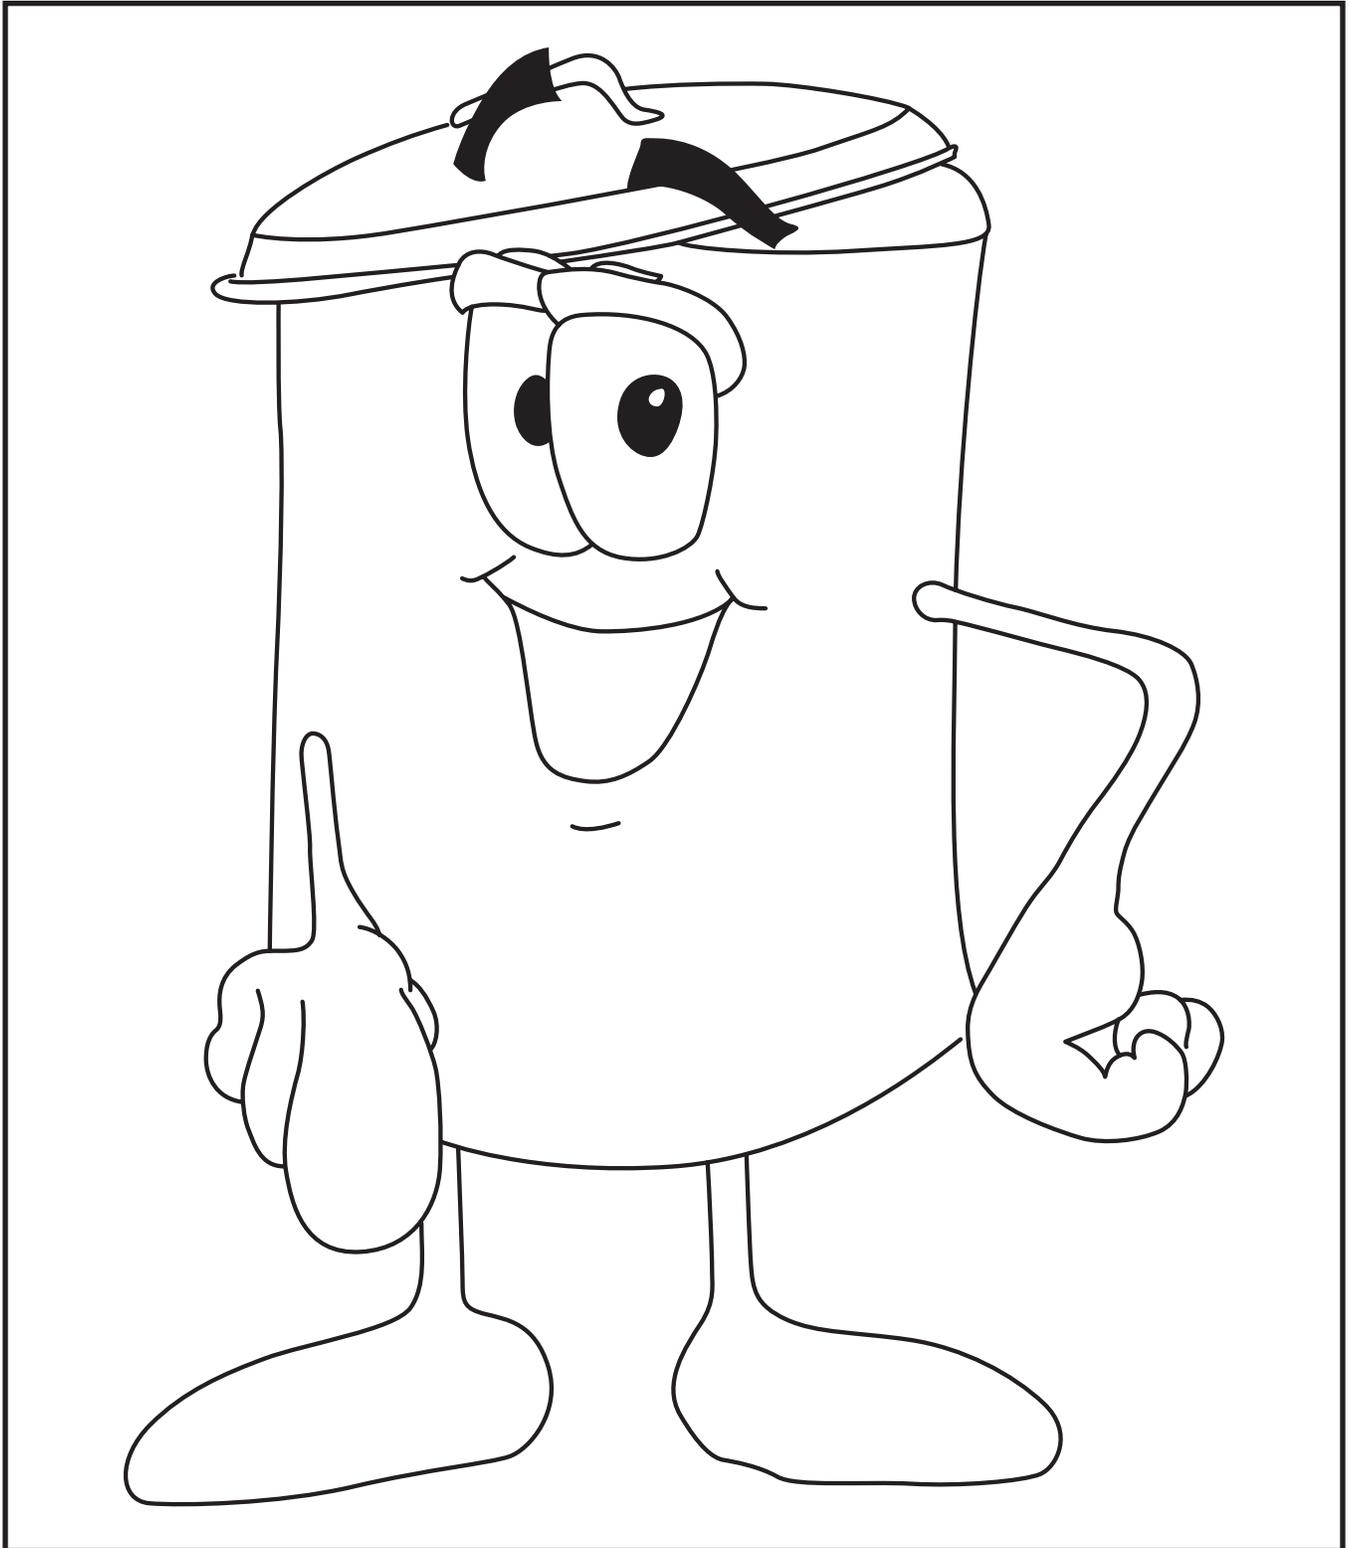

Keeping Our City Beautiful

It takes a lot of work to make sure Mayfield stays in good shape. A staff of over 13 people work to maintain many things in our City, including our parks, ball fields, streets, trees and landscapes. Let's do our best to help them by picking up litter and respecting public property. You, too, can help keep Mayfield clean!

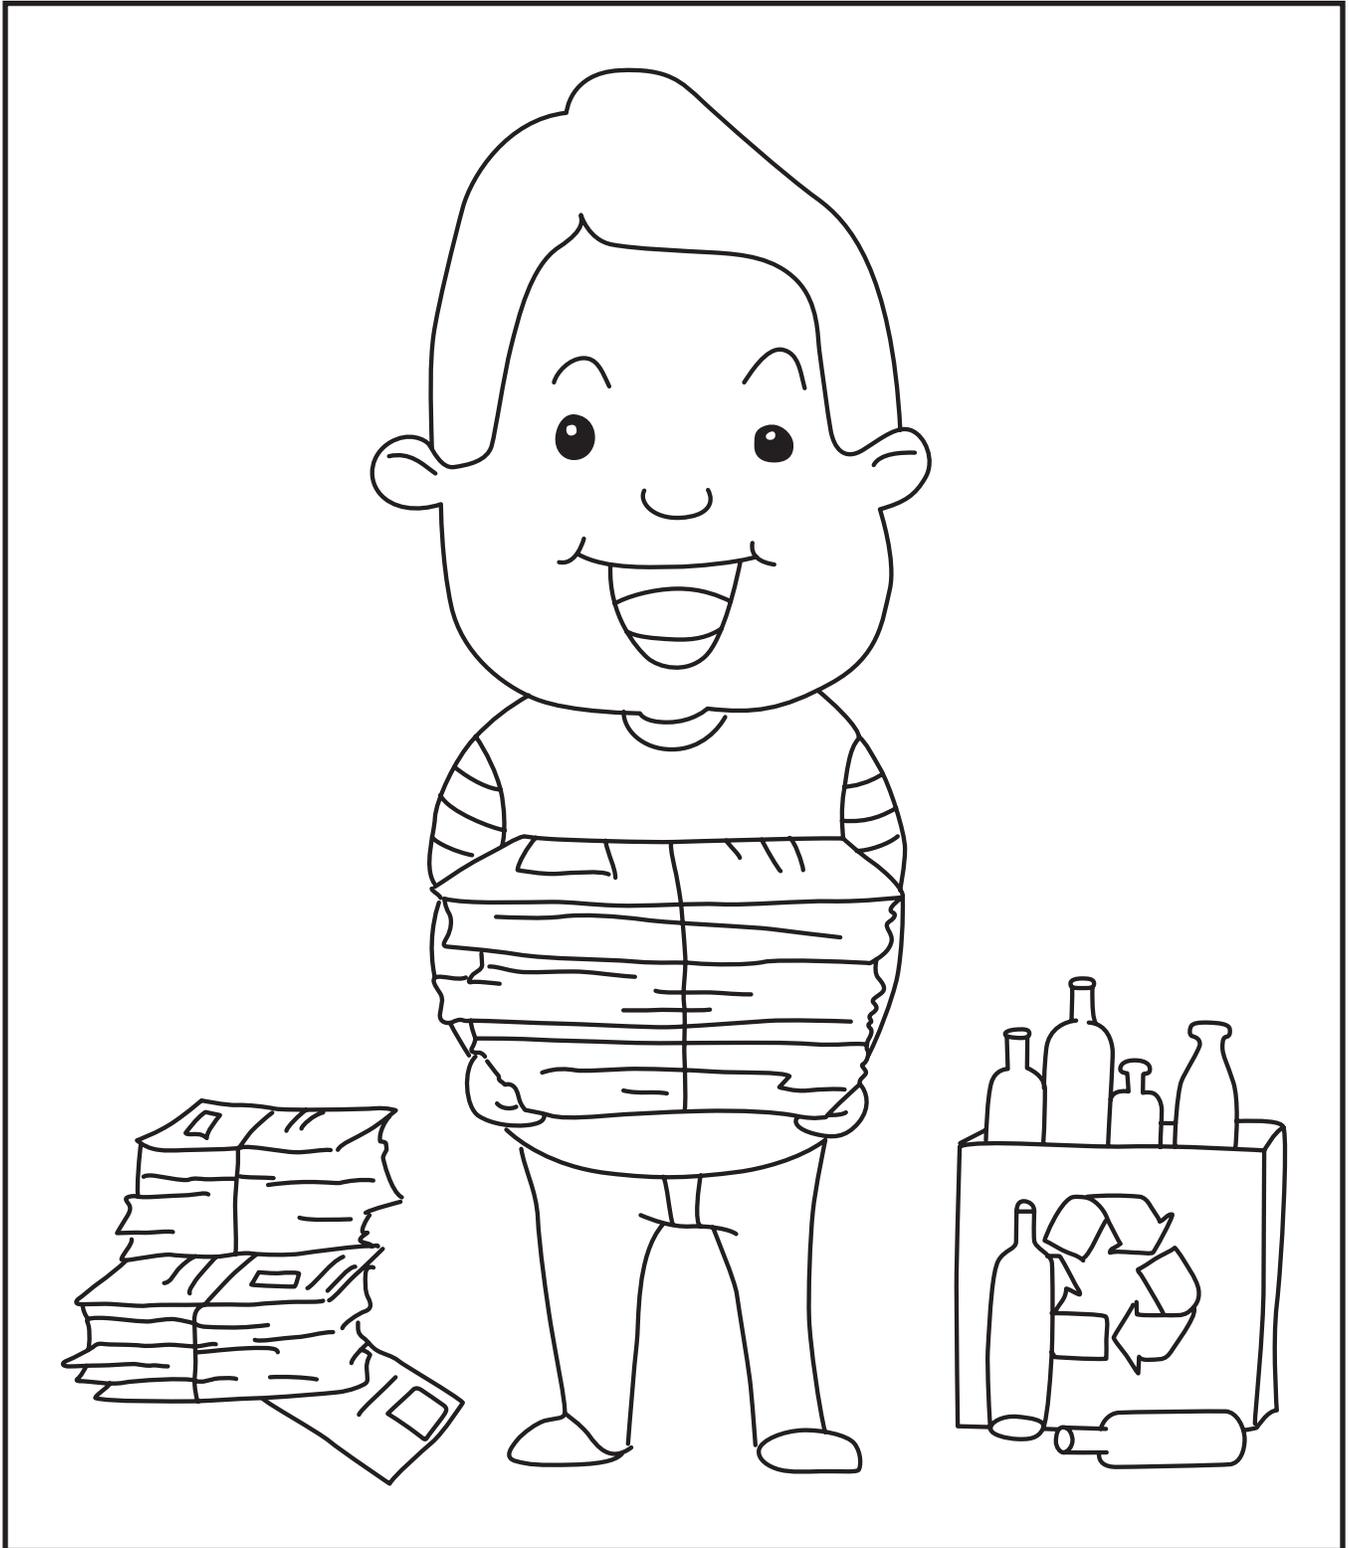

A Clean Community

When you're outside and see a piece of trash on the ground, pick it up and throw it in the nearest trash can. If you see someone litter, ask them to throw it away instead of littering. If we all picked up a couple pieces of trash every day, our City would always be clean!

Remember to Recycle

Paper, plastic containers, glass and aluminum cans are just a few of the many items that can be recycled. You can even begin collecting recyclables in your home. Ask your parents help you call the Mayfield-Graves Recycling Center at 270-247-0067 to find out what is recyclable.

Being a Responsible Citizen

If you ever see anyone making graffiti, or damaging or destroying property, make sure to tell an adult right away so they can contact the police department. Damaging someone else's property is illegal, and can get a person in big trouble. By respecting public and private property, everyone can enjoy a safe and clean community.

Stop Vandalism!

Don't let anyone talk you into damaging public, or private property. Vandalizing property isn't cool, it's against the law!

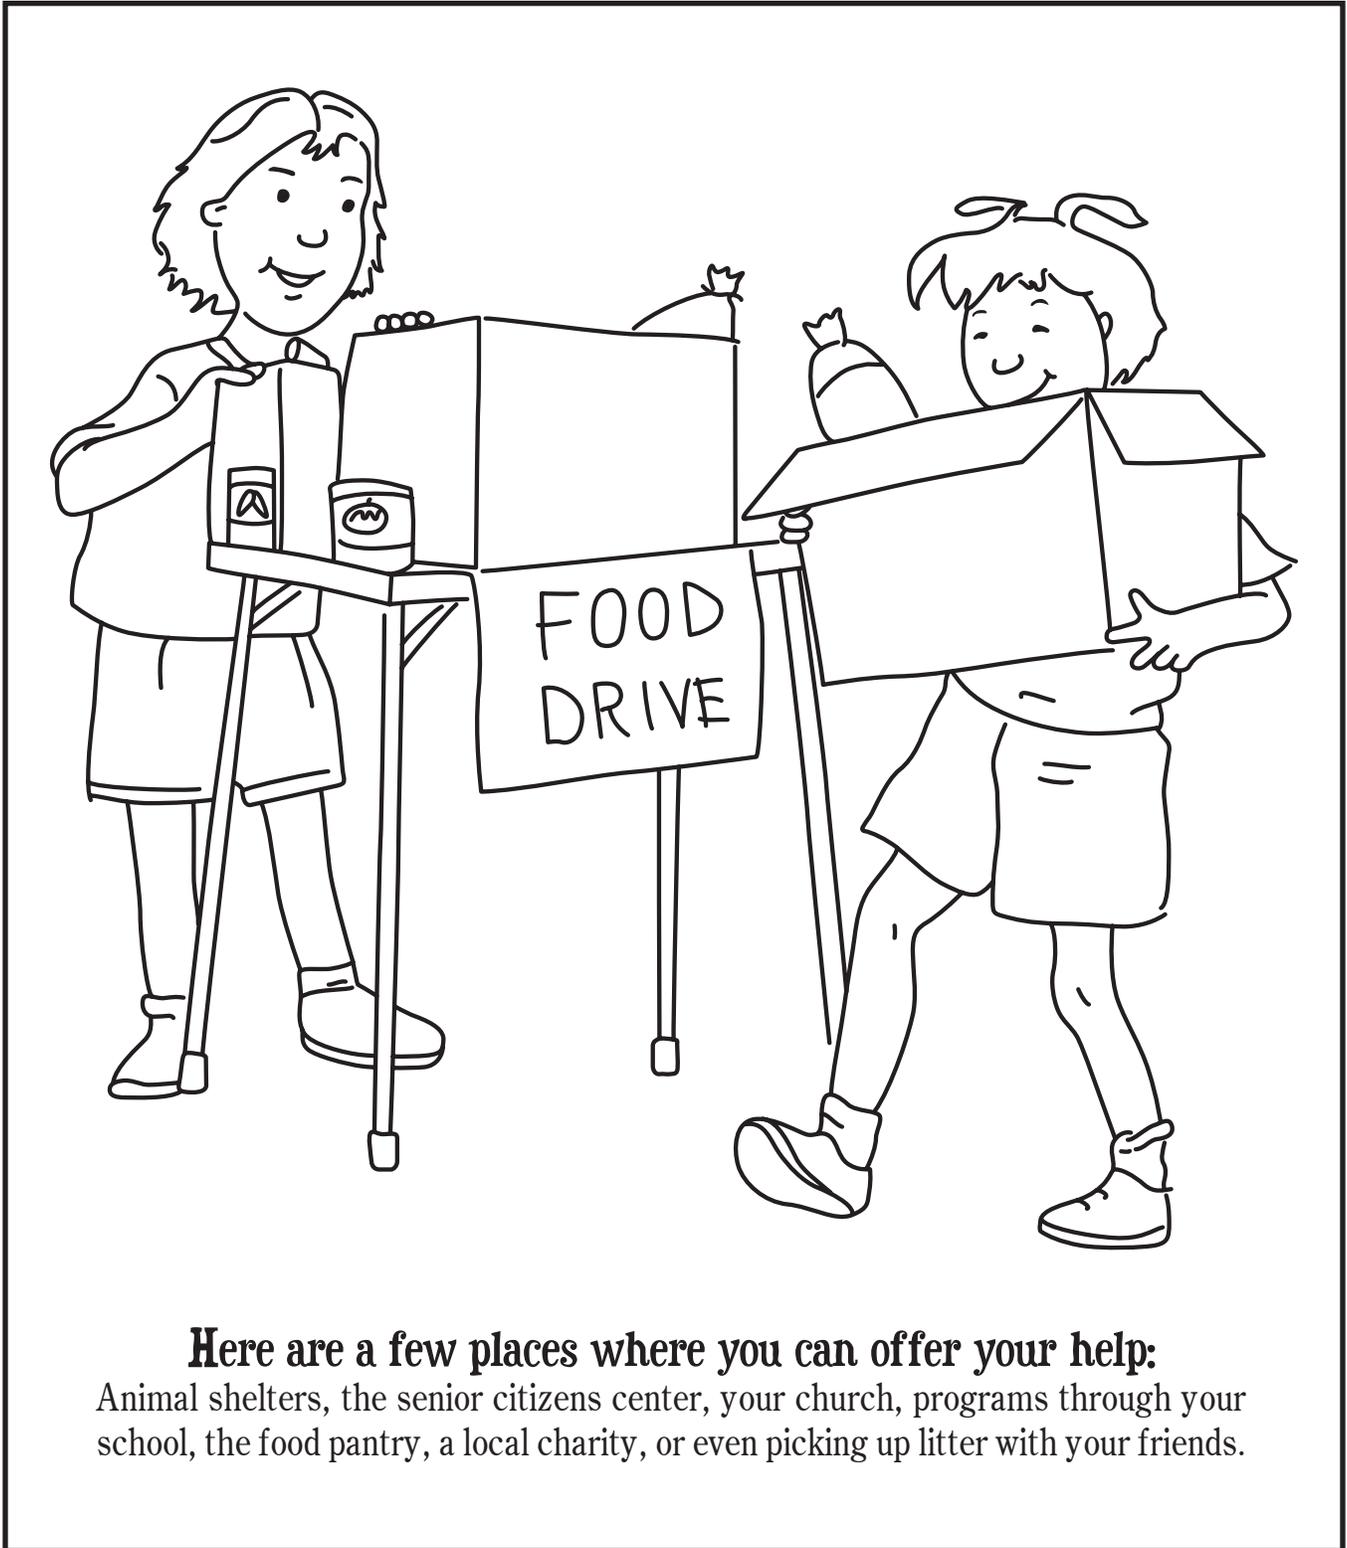

Plant a Tree

Trees provide more than just shade in the summertime. They give us air to breath, homes for animals like birds and squirrels, a place to climb and swing from, fruit and nuts to enjoy and keep our neighborhoods looking beautiful. Talk to your parents about planting a tree in your yard, or helping others plant trees on their property. Even planting one tree can mean years of enjoyment and benefits to the community and the environment.

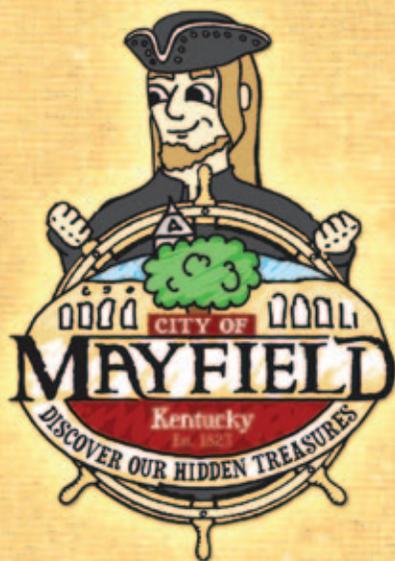

Giving Back

Have you ever thought about helping Mayfield become an even better place to live? There are a lot of ways to help out, so ask your parents to help you find an organization which best matches your abilities. You can also get some friends together to organize a fundraiser to benefit a charity or someone in need.

Here are a few places where you can offer your help:

Animal shelters, the senior citizens center, your church, programs through your school, the food pantry, a local charity, or even picking up litter with your friends.
